2/2/2022

Dear Honickman/Pepsi NY Division Mentors,

My name is Samuel Giraldo, and I am an international student who will graduate from the Westchester Community College at the end of the 2022 Spring Semester.

I have a strong academy background not only thanks to Westchester Community College but also, because of my major in Industrial Engineering and a A.S. in Marketing. In addition to that, I have labor experience which gave me the opportunity to learn how to work in teams. I also developed my communication skills as well as a big sense of responsibility for every one of my duties. I am proficient using Microsoft Office tools such as Excel, Power Point, Word, and QuickBooks.

In addition to all that information I was awarded with the Kathryn W. Davis Global Scholars which is one of the most important scholarships at Westchester Community College thanks to my academic performance. It was possible for me to achieve that by having a GPA of 3.5.

This internship opportunity with Pepsi NY Division is an important opportunity for me due to many different factors. First, Pepsi NY Division is a well- known company not only in the USA but also around the world. It has recognizable brands such as Pepsi, Gatorade, or Lay's among many other brands. It means Pepsi NY Division is a successful company with great professionals. For me it would be an honor to be part of their team and not only contribute but also learn a lot from the experience of being part of such a great company.

The academic aspirations that I have are to start a bachelor's degree in Graphic Design and after that get into a master's degree. I have projected that for the next 4 years. For my professional aspirations I want to get involved in a great working environment. Learn as much as possible and get ready to provide all my knowledge and working experience to a world company.

Since I was a child, I have been a very organized person. I like to have very detailed schedule to be responsible with all the obligations that I have. This is my last semester and because of that I am only taking one subject which takes me 4 hours of my week. Also, I have a part time job with a flexible schedule that takes 16 hours of my week. I still have plenty of time that I can use for other activities and to be up to date with my duties.

I look forward to discussing the available position and my qualifications with you in more detail. I am available to talk at your convenience.

Thank you so much for the time and consideration.

Sincerely,

Samuel Giraldo
